TEMA: HABITAÇÃO DE INTERESSE SOCIAL
PROJETO TCC1 ARQ. E URB.

ALUNO: LUCCA TOLEDO
RGM: 27799476

Nesta prancha apresentam-se as seis tipologias do conjunto de Habitação de Interesse Social proposto para a Av. José Rodrigues dos Reis, Quadra 17, Lote A-02, Parque JK – Setor Mandu, Luziânia-GO: plantas baixas, plantas de cobertura e cortes. Nos bairros periféricos de Luziânia predominam conjuntos do programa Minha Casa Minha Vida com uma única tipologia repetida. A variação entre os seis tipos busca dar identidade ao conjunto e atender famílias de tamanhos diferentes, com duas unidades acessíveis (tipos 05 e 06).
